# S.T.E.A.M. ROBOTICS PROGRAM at
UNIVERSAL PUBLIC SCHOOL

On My Own Technology (OMOTEC) is a dynamic innovation and research centre that brings **STEAM** learning to children.

UNIVERSAL offers a wide range of stimulating, educational and fun robotics and electronics programs for young minds ranging from 1st to 10th grade, students from graduate schools and engineering colleges.

We conduct Online Courses, In Centre Programs, Online Workshops and prepare kids for International STEM competitions.

Students will work with the Robotic Kits and Learn how machines work with the Magic of Science. We have Electronics Kit, Arduino Programming Kit and Automation Kit.
